

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2009 - December 31, 2009

Filing Confirmation Number: 0004093333

Filing Deadline: January 15, 2010

FRN: 0012287553

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: TX11 Newco, LLC
PO Box:
Street Address: 6655 Seville Dr., Suite 104
City: Canfield
State: OH
Zip Code: 44406

Contact Name: John T. Anderson
Contact Phone: (330) 533-1593
Contact Fax:
Contact Email: janderson@celloneet.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets with the Wi-Fi air interface have clear and effective disclosure that the handset has not been tested for hearing aid compatibility with respect to its Wi-Fi voice operation? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.celloneet.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: TX11 compliant handset models are publicly identified for consumers, consumer groups, and audiologists. Compliant models are listed on TX11 website. TX11 trains its retail salespeople regarding which digital wireless phones are compliant. Written materials, pamphlets and other promotional literature are provided at the point of sale and on the website, addressing the needs of individuals with hearing disabilities. Consumers are given a 30 day trial period within which to try out digital wireless phones to determine whether they will work properly with their hearing aids. Flexible return policies are made known to consumers seeking to obtain compliant phones.

Methodology for Functionality Levels

Phones are classified into 3 categories according to retail price (without contract). Low tier - less than \$ 199 - these phones generally have a low-resolution camera, low resolution displays and may not have Bluetooth, they also generally lack such features as MP3 players, E Mail and expandable memory.

Mid tier- (4200-\$ 324) - phones may have a medium resolution camera, advanced bluetooth and internet access capability, but lack e-mail access.

High tier- (\$325 and higher) - phones have advanced features such as a 2MP or above camera, advanced bluetooth, expandable memory, email access, touch screen, and internet access capability.
